New Business

- II. [20-5291](#) FY21 Plan Updates  
The County Administrator gave an update on the FY21 health insurance plans. She noted that there would be a preferred providers list (something new that has not been offered before). This list would benefit the employee in that if they used one of the preferred providers, there would be no cost out of pocket for the employee (except for those with the HOPE 4000 plan). The County Administrator also gave information on the TELEDOC program and the new Mental Health phone number that can be used by all employees. It was also noted that open enrollment would be from October 1 to October 30, 2020.
- III. [20-5292](#) FY21 Premiums  
The County Administrator noted that premiums will go up for FY21. She also noted that the information in the packet was a draft of the potential premiums. The County Administrator informed the committee to please not share the draft premium amounts with employees just yet as she was still in the process of making corrections and updates.
- IV. [20-5293](#) Open Enrollment Information  
The County Administrator gave the committee an update on open enrollment information. It was noted that this time frame would be October 1 to October 30, 2020. New this year was the requirement that ALL EMPLOYEES must re-enroll in health insurance whether they change plans or not. A mock-up of the memo and plan documents to filled out by employees was provided in the packet.
